2022 GUIDE BOOK for International Students
1 Introduction

01. Dongguk University

Dongguk University was founded by Korea's ecumenically-minded Jogye Order in 1906. Since its foundation, Dongguk has remained as one of the few Buddhist-affiliated universities in Korea. Dongguk University, with a future-oriented management and optimum education environment, attempts to globalize its education and research, to take a leap forward to contribute to peace and development for mankind, and to be one of the most prestigious universities in the world.

The foundational spirit of Dongguk University is summed up in three educational goals: to build up on one’s knowledge and character based on the Buddhist virtues; to make the nation, mankind, and nature full of wisdom and benevolence; and to realize the ideal society in which people can trust and respect each other. Students of Dongguk University are developing leadership with a global consciousness and harmonization.
